

**2<sup>nd</sup> SAHARA SCIENTISTS  
SUMMIT (3S)  
Hungary, Budapest  
20-21, May 2016**

This summit is aimed at call-up scientists, politicians, nations, business people and institutions to combine the knowledge, efforts, sources, innovations and ideas moreover unite them in the 3rd greatest project – after the Chinese Great Wall and the US New Deal – of human history, in the GREAT GREEN SAHARA DEAL.

Hungary – as a Central-European - EU member country – has been giving scientist and a dozen of Nobel prize laureates to the world among others inventing the VitaminC and the hologram.

---

*"Create together a global sustainable growth with more job and better food supply while activating a progressive climate mitigation system through a GREAT GREEN SAHARA DEAL with the unic win-win-win strategy."*

---

We – organizers of the 3S – we do believe that a cooperation between the individuals, inventors, scientists, institutions and all the interested parties in the GREAT GREEN SAHARA DEAL could result in a better global future, in a sustainable World.

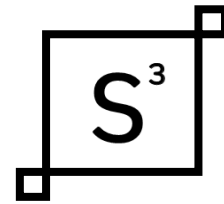

**20-21 May 2016**
